**A new Digimon Card Game is at hand!
The new powerful ACE cards arrive
in celebration of our 3rd anniversary!**

Digimon ACE card features

① High level Digimon can be played for low costs!

→ Easily play strong Digimon for big advantages in the game

**Level 6
Digimon ACE**

**Level 6
Standard
Digimon**

② Use [Blast Digivolve] to counter your opponent!

→ Dominate the game by using digivolution and effects during your opponent's turn

[Blast Digivolve] allows you to digivolve during your opponent's turn!

《《 However... 》》

When a Digimon ACE card is moved, your opponent's memory increases due to [Overflow] occurring!

The addition of Digimon ACE cards brings even more excitement to the Digimon Card Game!

You can get access to Digimon ACE here!

the Digimon Card Game!

ON CARD GAME?

The Digimon Card Game's unique systems

003

Digivolution system that recreates digital monsters

These cards replicate each Digimon's "digivolution" !
By building up multiple digivolutions and effects, you can create powerful Digimon to defeat your opponent!

VS

004

A memory gauge system that allows for high-level strategies

Build up memory to use more cards!

When your memory is reduced to 0, the turn passes to your opponent

The required cost for using a card

The key to victory is keeping the memory as much on your side as possible!

For detailed play instructions, see here →

Join tournaments and battles
